

## **UNTITLED**

What can I do? Nowadays around the world there are many situations which are totally unjust. Homeless, child soldiers, human trafficking, people who are living in extreme poverty...Somebody said once: "The mustard seed is the smallest of all seeds, and when it grows, it's the largest of garden plants and becomes a tree, so birds come and perch on its branches". So if all of us with our little help try to do good things around us, like the tiny seed, as a chain of favours, the world will be a better place for the human race.
